# *Make Them Remember*

As the year comes to an end we reflect on everything that's happened. From the good to the bad and everything in between memories have been made this year. No matter what happens next in our lives this year at LHS has made a difference.

# Make Them Remember

We start the year with eager faces.

Our biggest concerns were what classes we were going to take and who we were going to sit with at lunch. As the months passed our problems grew. Suddenly, we had questions. They varied with grade.

Freshman mulled if they would survive three more years, sophomores questioned if the drama would ever end, juniors pondered if their grades would suffice and seniors wondered where they would go next and how it would feel when they finally tossed their caps up into the air.

Throughout the four years there is one common question; how will we make them remember us? The answer is simple; by forging friendships, maintaining those connections as we head off on our own paths, and trying our best to change the world for the better.

# Undero

2017, 2016, 2015. Those are the years we will rule the school. Until then, we will be taking the steps and making the memories that will be remembered as our underclassmen years.

In the future we may need to count backwards from our graduation year to remember which year we were in which grade. But we will always remember the defining moments of our Freshman, Sophomore, or Junior year.

Academics include multiple classes where students go through programs in various subject matters. Students have the opportunity to study: Math, Social Science, Science, J.R.O.T.C, Construction, Architecture, Electronics, Designer Art, Language Arts, Foreign Language, Choir, Apparel Design, Band, Theatre, Digital Photography and so much more. These classes help students in different ways, but every class provide memories of high school and can help create opportunities for our future.

# Academics

*The Great Stuff we Get to Learn...*

ics

# remembering the melodies

1) Chamber and Concert Choir performing the "Star Spangled Banner" at a pep-assembly.

## Supporting our School

In band we have marched together, competed together and have spent countless hours, weekends, and days-off together practicing and working on competition pieces or marching songs. We support our school at pep assemblies, basketball games, and football games. We stay close together playing our music and growing as a family.

2) Molly Underwood- 11, Chris Brown -11, Mickayla Dennis -11, Dean Akin -11, Marie Chapman -11, Alyssa Roles -11 performing at a pep assembly.

5) David Baugh -12 conducting the Concert band on "Our National March" for the Veteran's Day Parade in Albany.

# Choir & Band

Our choirs are comprised of our Chamber, Concert, and Mixed choirs classes. Supporting our school and community at games performing the National Anthem, we help raise the spirits of our peers. We compete at festivals that we spent countless hours preparing for, while we use our voices to carry stories with a tune.

4) Tayla Boatwright - 11, and Patrick Edeson - 10 singing at the outdoor assembly.

6) Concert Band Practicing "Our National March" for the Veteran's Day Parade.

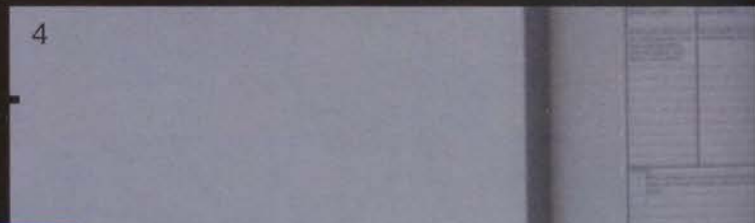

# Theatre

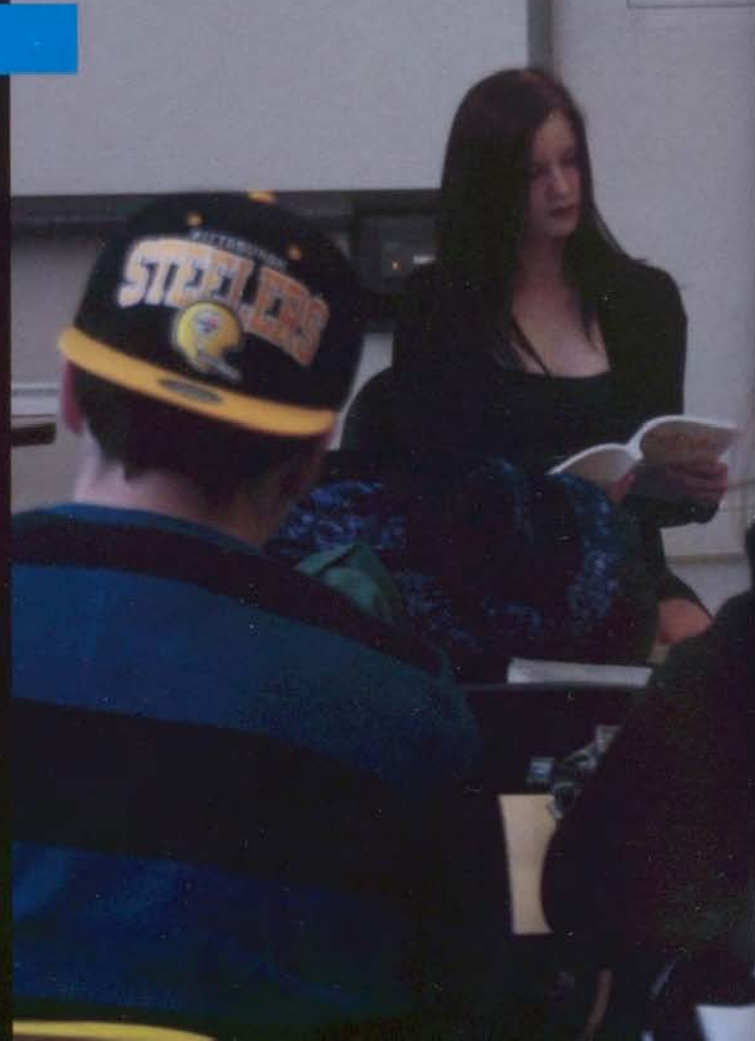

Auditions for "Guys and Dolls" in the Musical Theatre class.

- 1) Cody Kledzinski -11 and John Beck -12
- 2) Kaela Bauer -12 and Samantha Sollers -12
- 4) Amber Jeffers -11 and Hannah Costa -10

We have an ever growing theatre program. With both Theatre Arts and Musical Theatre there is a variety of theatre experiences available for students. We grow as performers with improv games, studying plays, performing scenes and watching others perform. Musical Theatre is more than just singing, dancing, and acting. We perform full musicals! "Guys and Dolls" was performed May 8th, 9th, and 10th with a live orchestra.

# Culinary Arts

Culinary Arts is a fun way to learn math, culture, and many other amazing things. This class helps people gain decision making skills- which some of us need a lot of. Most of all this class keeps us out of trouble because it's fun, entertaining, and a little scary. You learn how to take orders, be on the clock, and make Tilapia Alfredo that doesn't look like soup.

3) Cole Champion -10 having a blast with those dirty dishes.

5) You can see the sparkle in freshman Elizabeth Carroll's eyes as she's washing her dishes.

6) Reiley Adams -9, Master Chef Boyardee studying those ingredients to make a delicious masterpiece he will love .

# Apparel Design

1) Shantell Gates -11 in Mrs. Woodruff's apparel design class. Mrs. Woodruff has been teaching this class for 20 years and is retiring this spring. Mrs. Woodruff's favorite memory is putting on the fashion show at the end of the year and seeing students' completed projects.

2) Ainsley Kay -12 designing her next project in Apparel and Design class.

## Art

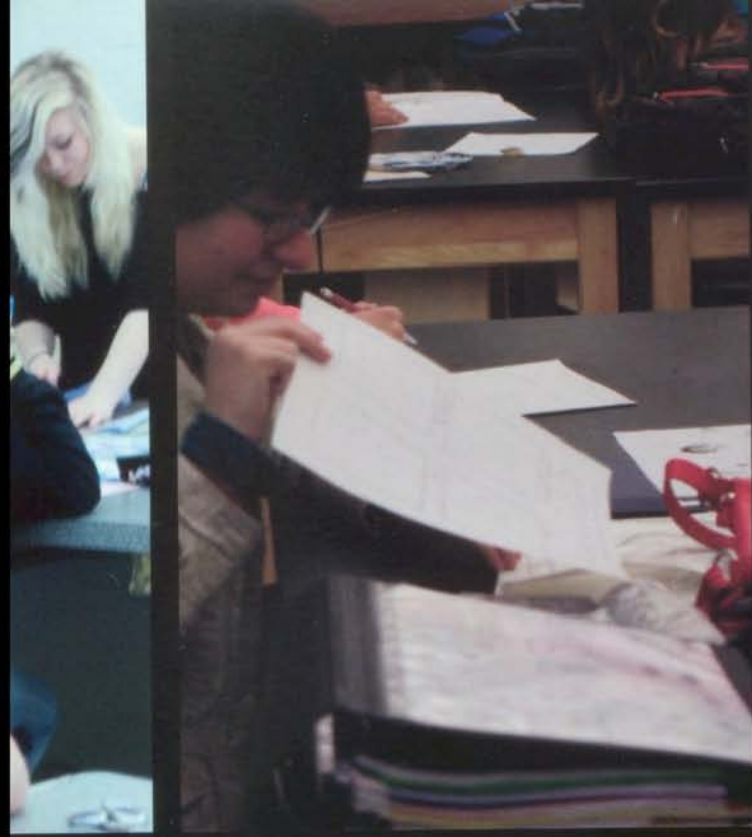

We have amazing art classes where we build skills from painting to sketching to creating a sculpture. All you need is an idea and masterpieces are born. Everything we create is a part of us that will be with us for the rest of our lives.

# Computer Tech

Technology is everywhere so Computer Technology is great thing to learn in school. That's why there are excellent computer application classes to take. We build our typing skills, spread sheet creation capability, visual presentation design, and creativity of what is possible when working with computers. No matter where we end up we can always remember and use these essential computer skills.

3) Carson McConnell -9 working fanatically and being an electronic wizard.

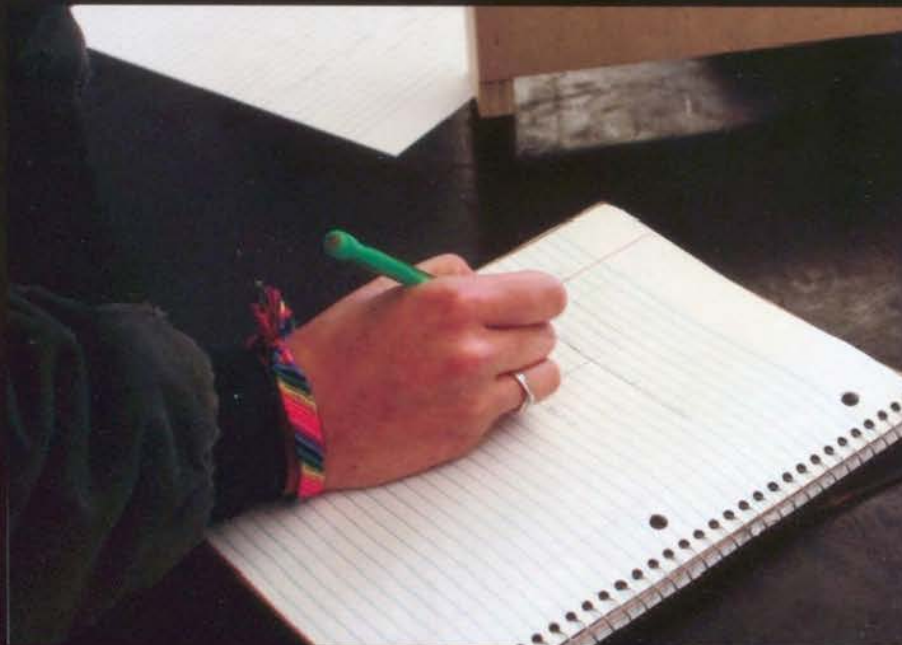

4) Sebastian Brown -9 carefully working with wiring.

# Electronics

# Social Sciences

Our social science classes select materials from history that tell us as a story. The stories consist of a mankind's past so that we may better understand the present and be better prepared for the future.

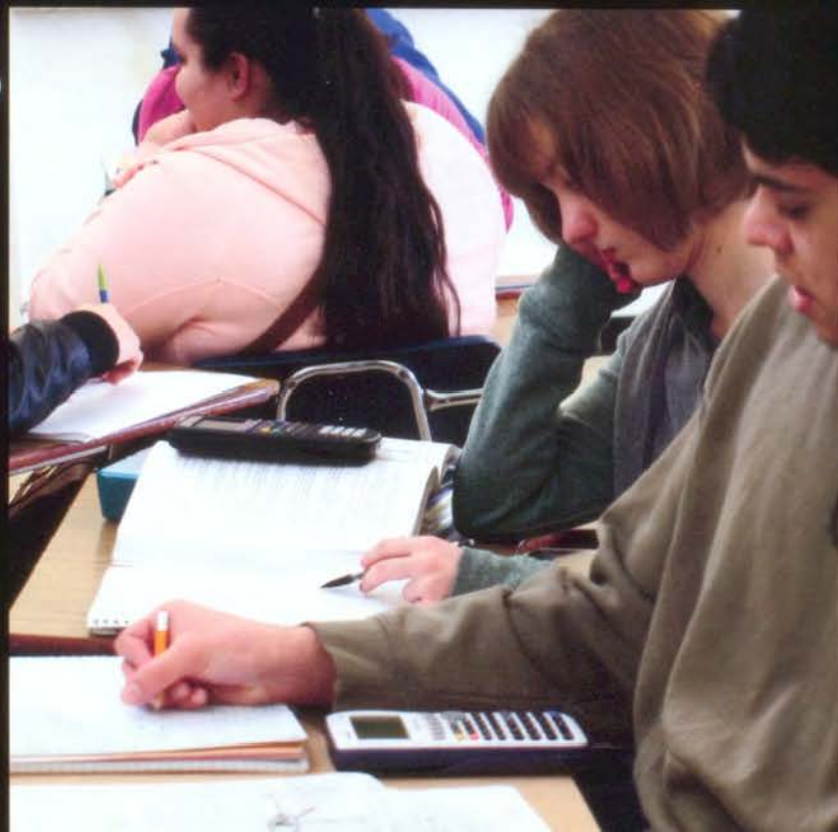

Nate Adderly -12 studying social studies

# Mathematics

Struggles are everywhere, but most of us find them in math. That's why we have our tutors and teachers that can help plot a plan to get us through any mathematic struggles.

Alexander Meyers -11 solving new problems in mathematics

# Agriculture

# Construction

We will miss and remember our shop classes dearly as we build, raise, or measure after high school. Having these classes available gives us a competitive edge for our future.

# Architecture

# P.E

# Health

P.E. is designed to teach us physical activities to keep us healthier and in shape no matter our athletic ability.

1) Alex Duke -9 playing badminton and having a good time.

2) Hannah Costa -10 and Courtney Haley -10 studying in health class.

3) Mrs. Poole helping a group including Jake Haley -10, and Kayla Baker -10 in AP Chem.

# Science

We have many exciting academic classes, but the most thrilling and fun to many is our science program. Most of the time you get to be a scientist for the day by doing projects like creating strawberry DNA and participating in cat and frog dissections.

4) Lexi Price -12 and Jenna Morch -12 having a good laugh in Mrs. Lewis's class

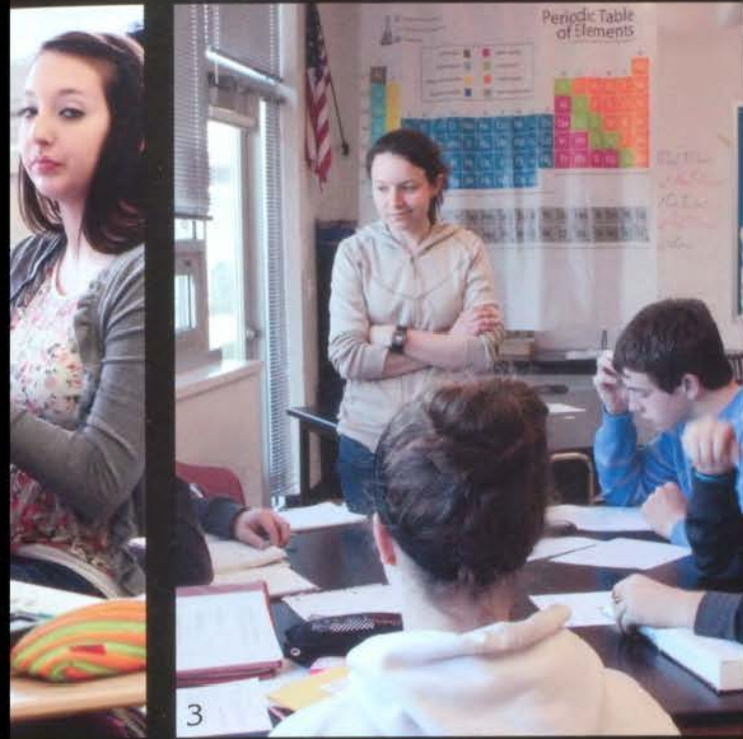

5) Alex Duke -9, Payton Maricle -9, and Renel Koker -9 working hard in the badminton unit.

# Foreign Language

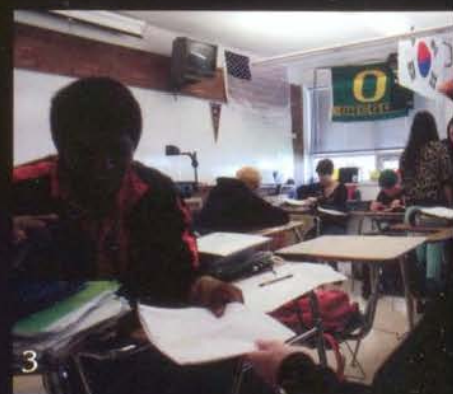

We have a great Foreign Language program, including Spanish, Chinese, and French. We listen, speak, read, and write about a new culture as well as familiar topics and areas of interests in a new and exciting language.

Language Arts is all about reading, writing, and listening which can be an exhilarating experience as well as an educational adventure.

# AVID

1) Hannah Davenport -9, Tristan Davis -9, and Gaby Enciso -9

2) Daniel Anselmo -9, Dylan Marshall -9, Caleb Denver -9

3) Daniel Anselmo -9 helping with Dylan Marshall's -9 homework

7) Janessa Braught -9 and Maddie Norris -9, showing their AVID spirit!

# remember the friendships

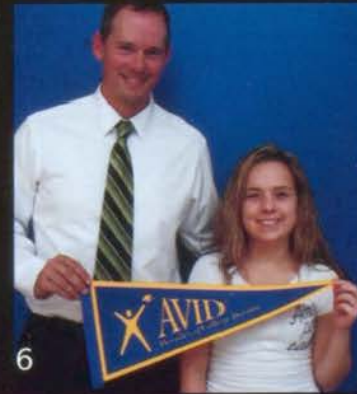

A fun and educational class that some Freshmen are taking this year is AVID. This class helps prepare you for college and teaches our students to be responsible, active participants in a democratic society. AVID or Advancement Via Individual Determination, is a school program that focuses on getting the maximum amount of students to pursue and succeed in higher education after high school. AVID helps students have a better understanding of content material taught in class and allows students to continue being successful in their education. Being better prepared means a greater chance for us to get accepted in college which would allow our generation to be a more educated one and a more thankful one at that.

4) Alexander Eikelenboom -10 and Zachary Brooks -12 receiving 1st and 2nd place.

# JROTC Battalion

We are a cadet led leadership program where leaders are made and molded. Our student-staff plans our leadership day, uniform days, and all security for Football, Volleyball, and Basketball games, as well as other events.

Color Guard, Drill Team, Raider Team, and our Rifle Team are smaller teams inside our program. We go to competitions - our Rifle Team made it to nationals! All of this is directed by Senior Administrator Colonel Smith and Sergeant First Class Sell.

# SPED

Steven Starline  
-10 having a great

- 5) Becca Davey -10, lookin' great!
- 6) Tasha Samples -12, having a great time.

## Remember the Great Times

*Barn Yard Prom*

The Special Education (SPED) program teaches students core classes such as language arts for helping students improve their skills in reading and writing. Math is taught in a block period making skill building and problem solvers of all students. Life skills class is an elective class available which includes P.E, communication skills, and behavior skills. This program leaves no one behind and is a great experience that creates great memories for all that have completed the program.

Clubs are a great way to create yourself, meet new people, and find people with similar interests. You can be yourself without fear of judgment and feel free to express your opinions and feelings. Groups such as these prepare you for real-life situations through learning communication and true teamwork. So go on! Express yourselves, you are making Lebanon a better place through being better people.

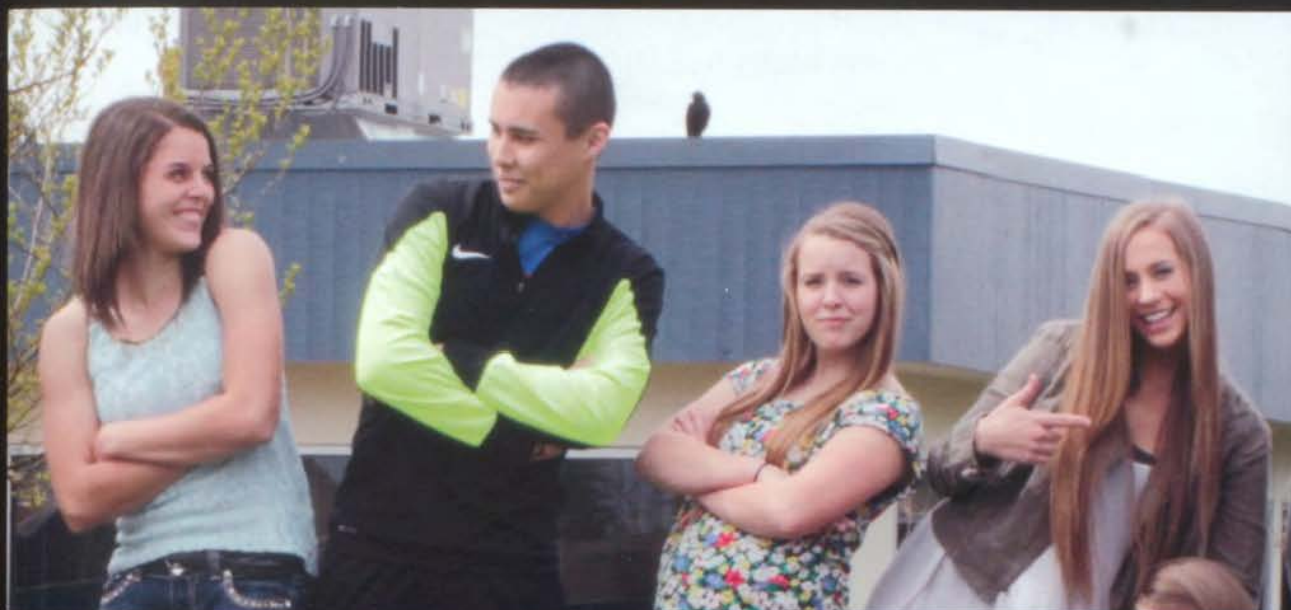

Clubs, is somewhere you belong.

Brighten your  
future, and the  
future of  
others.

# Clubs

*Where we learn about our friends.*

# Photography

A club that encompasses the beauty of images, while presenting to the public how bright the future of the arts is. Giving students an activity to explore and find the passions and interests in photography all after the bell rings. The students are given tasks, as well as free time to take photos, they introspect and find their inner photographer. Sometimes you're only a click and a snap away from being an artist.

**"It's a place to go express yourself with images instead of words."**

Kristina Kletzke -12

# Drama

# ASPIRE

## Aspire

as·pire  
verb

1. direct one's hopes or ambitions toward achieving something

ASPIRE helps high school students access education and training beyond our high school days. Students enrolled in the ASPIRE program receive information about colleges and career options from trained volunteers that work one-on-one with them. ASPIRE was developed as a collaborative project that started with only four test schools and has now stretched across the state.

"I came into high school and wanted to take advantage of the opportunities ahead of me."

Paola Reyna -10

## Take a bite!

Skills USA is a club with the desire to create a world-class workforce. This is done through partnerships among businesses in the community and our school. Skills USA was created in 1985 to train and prepare students for the world of work ahead. The Skills USA culinary program at LHS is helping students develop leadership and occupational skills through career-focused education in the culinary industry.

"We can get the high school's name out there and show our skills."

Krista Stanley -10

# Skills USA

# Class Officers

"Class Officers make sure students are informed."

Mackenzie Hoover -12

Elected in the previous Spring, Class Officers are very crucial to the school's leadership and up-keep. The goal of class officers is to organize and facilitate activities for the enjoyment of fellow classmates as well as set an exceptional example for the school.

Representation

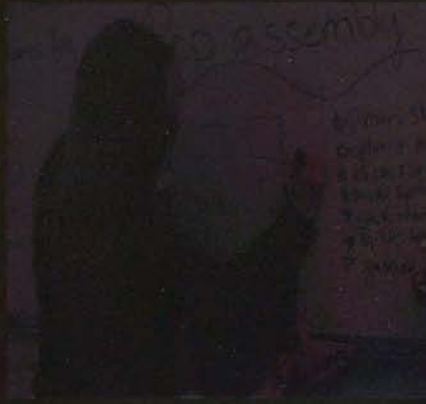

## Coordination and Clarity

"This club is important to me because it gives the student body a chance to be heard."

Maci Benedict -12

Student Government works in partnership with school management for the benefit of the school. Student Government's goal for LHS is to give every student a voice in what goes on during the year. Generating ideas to improve our school's participation and spirit, Student Government is hard at work making Lebanon High a better place. They focus on coming up with ways to get people involved as well as refining the activities the school already does.

# Student Gov

# Salmon Bowl

## Marine Sciences

The Salmon Bowl is a regional competition in February held at OSU's College of Earth, Ocean, and Atmospheric Sciences and final national competition among high school teams.

The teams are composed of four students, one alternate, and a coach.

The categories featured in this competition are biology, physics, chemistry, history, geology and the economics of the world's oceans, along with navigation, and current events in a fast-paced style.

"I love marine science, and hope to get into marine science for a career."

Korina Wirfs -10

# River Club

"We all share the same interests, and there's a lot of different things that go into it; Specifically water, but they all connect together... "

Anna Groner -12

## Getting down and dirty.

Mrs. Saxe started this group in 2013 because the demand for a nature-related group since LHS lacked one. The Santiam River Restoration group has River Clubs all over the county, so they decided to bring it to Lebanon. These groups educate people on how important the environment including the rivers are to the area. River Club spends their time talking about upcoming events and former events. River Club also focuses on restoring rivers and cleaning up natural areas. This gives students many opportunities to get involved in our community and have summer jobs.

Nation Honor Society is a national group of scholars established to recognize outstanding high school students. These students are dedicated to making their community a better place. This group consists of the best and brightest students in the high school and are devoted to improving our school and community. In meetings committees discuss what has done during the month and plan what the group will be doing for the next month.

"I felt like I had worked hard to get into this important group and had accomplished something."

David Baugh -12

Knowledge is Power

## Equestrian Knowledge

Oregon High School Equestrian Team is dedicated to promoting and organizing equestrian competition in high school athletic or activity programs. OHSET believes that Equestrian athletes deserve recognition like our fellow athletes at LHS. OHSET's season is usually winter to spring. Each district plans three competitions where judges determine who will be eligible for the State Championships. OHSET's sport's guidelines are set by the school board, and each member is trained to be respectful.

"OHSET is about having fun and riding horses, doing the best you can."

Beth Coob - 10k

# OHSET

# FCA

“Normally eat lunch then talk about verses from the Bible, and how they relate to being a athlete and then we play games, lots of games.”

Macl Benedict -12

## Acceptance, and faith.

The Fellowship of Christian Athletes is a club for people who come together for the lord, with the common interest of sports. Everyone helps each other by connecting fellow students to other peers like them. In this club you play plenty of games, along with Bible study of course. FCA sometimes has events at OSU, like a baseball game, and other fun activities. When it comes down to it, the core value of the group is about Jesus Christ.

FCA members leading a prayer after a home basketball game.

## Unity.

Warriors in Christ is a religious club populated by a group of Christians of all denominations and people that are interested in learning about Christianity. These individuals come together to learn more about faith and allow Christians to become more comfortable with their faith at school. As the group leaders plan out their week, all the members would become closer together through their faith in God. During meetings, WC discusses topics about their faith and simply gets to know the other Christians around LHS. Warriors in Christ is a useful club for Christians commonly seem separated in schools. This club brings the Christians of the school and binds them through fellowship and a better knowledge of the Christian faith.

"I have seen that this school has so many more Christians that I had previously thought, which is really exciting."

David Baugh -12

# WIC

# STARS

STARS is a club about helping future youth not fall into the pressure of under-aged sex. It helps students stay true to themselves, and wait for the right time. STARS empowers youth and helps them see their self worth, while guiding them to make better choices.

**"We are here to help generations to come not feel the pressure of sex and stay true to themselves."**

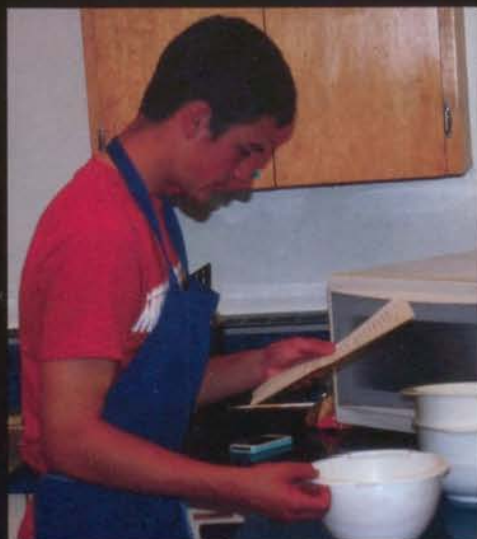

Crystal Pitney -12

# What club will you remember from this year?

"It gets you involved with the community, teaching you leadership and teamwork."

Sydney Willcox -11  
on Interact Club

"Science Olympiad is here to represent the Lebanon science community."

Jorian Bruslind -10

"It's really an eye opener, it helps make a better future for the students."

Courtney Rude -12  
On DECA

# Key Club

"You can  
give back  
and have  
fun."

CLASS OF:

2014

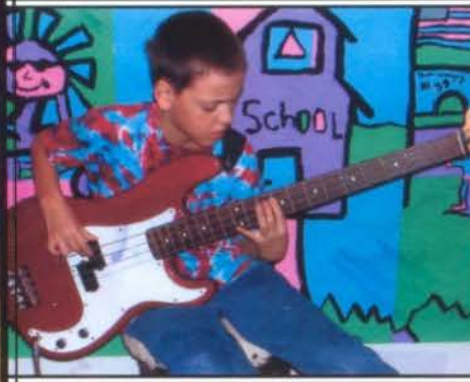

Tyler Amick

Congratulations Tyler!  
You are such an amazing and talented person and we are so very proud of you!!  
Keep being true to yourself and we know you will succeed.  
With all our love  
Mom and Dad

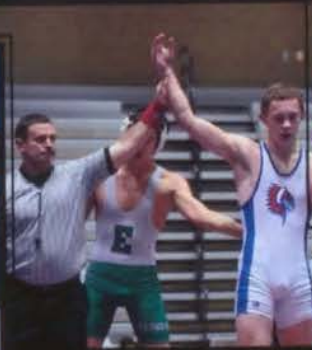

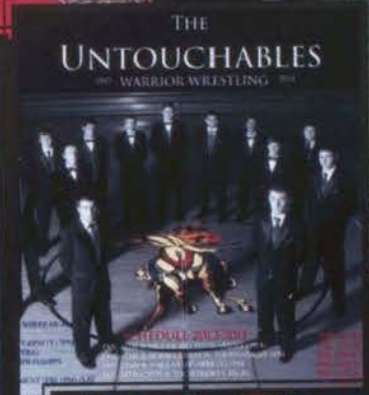

*Congratulations  
Stephanie  
Wallace  
love,  
Mom and Dad*

Megan Norris

We are so proud of you and what your future holds.  
All your dreams are within reach, grab onto them  
and never let them go.  
Love, Mom, Dad and Connor

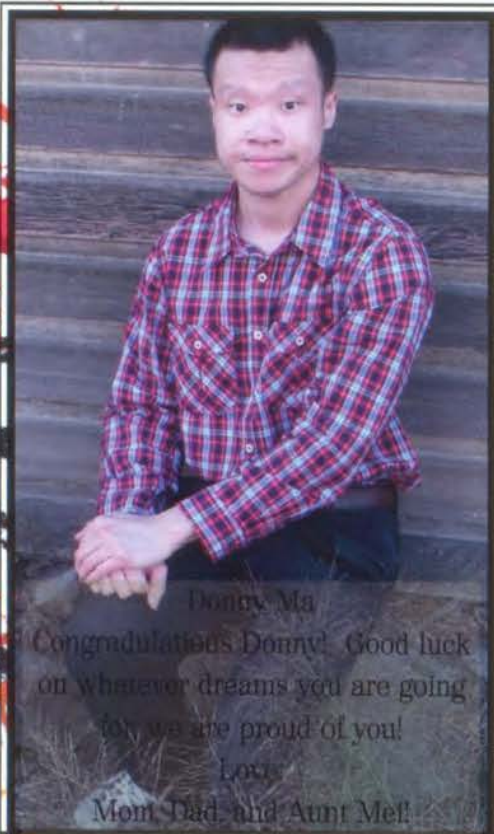

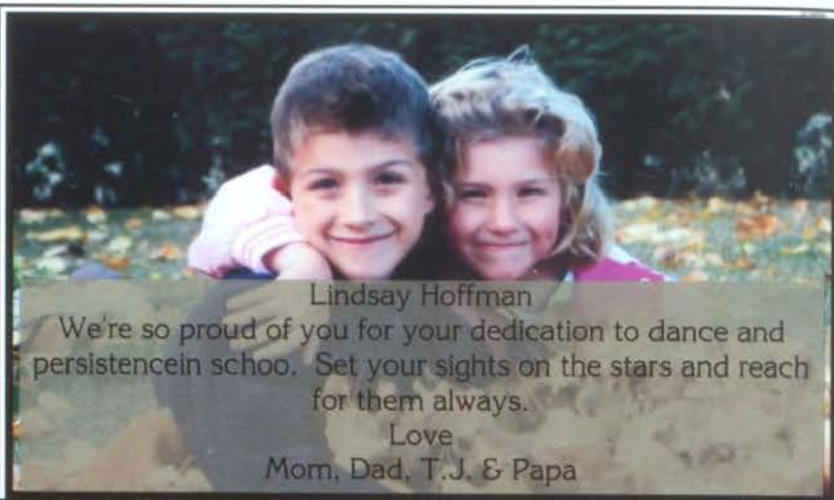

**GARRETT,  
CONGRATULATIONS  
MONKEYBUTT. WE ARE SO  
PROUD OF THE YOUNG  
MAN YOU HAVE BECOME!  
LOVE,  
MOM AND DAD**

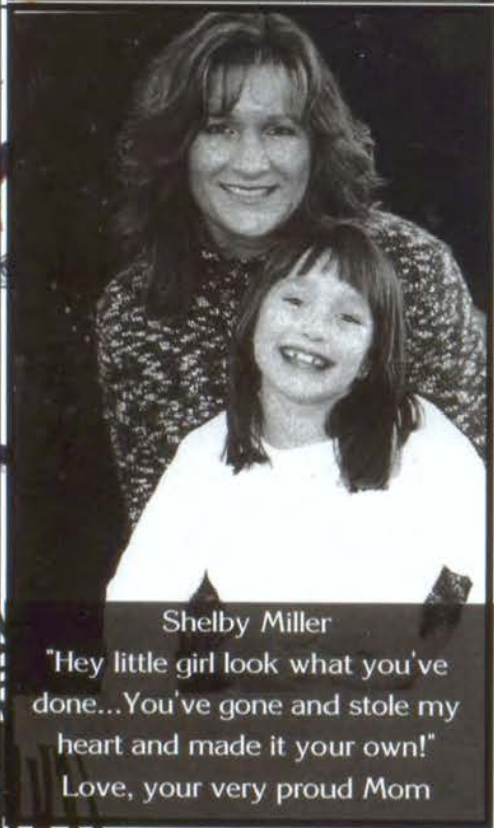

Donny Ma  
 Congratulations Donny! Good luck  
 on whatever dreams you are going  
 for we are proud of you!  
 Love,  
 Mom, Dad, and Aunt Mel!

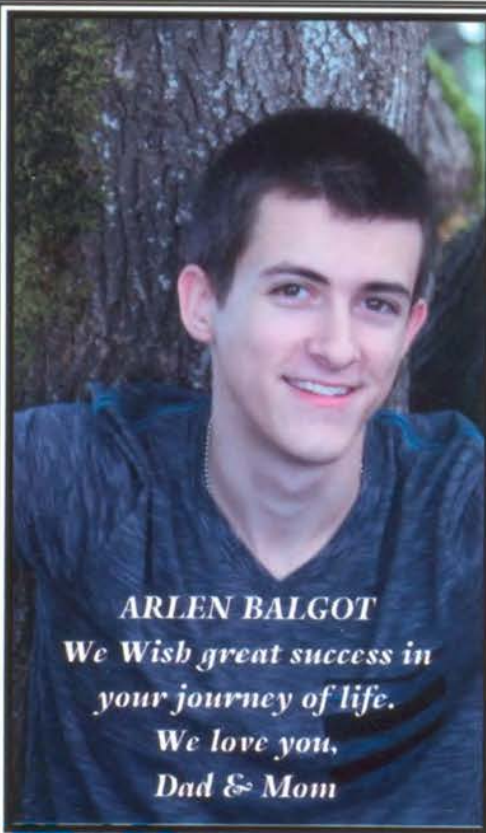

Lindsay Hoffman  
 We're so proud of you for your dedication to dance and  
 persistence in school. Set your sights on the stars and reach  
 for them always.  
 Love  
 Mom, Dad, T.J. & Papa

**KAYLEE SAREBBI**  
**SO PROUD OF YOU AND ALL**  
**YOU'VE ACCOMPLISHED**  
**CAN'T WAIT TO SEE WHERE**  
**YOUR NEXT JOURNEY TAKES**  
**YOU.**  
**LOVE YOU, MOM AND**  
**BENTLEY**

Shelby Miller  
 "Hey little girl look what you've  
 done...You've gone and stole my  
 heart and made it your own!"  
 Love, your very proud Mom

**ARLEN BALGOT**  
*We Wish great success in  
 your journey of life.*  
 We love you,  
 Dad & Mom

*Mariah Wolff*

*Our Daughter*

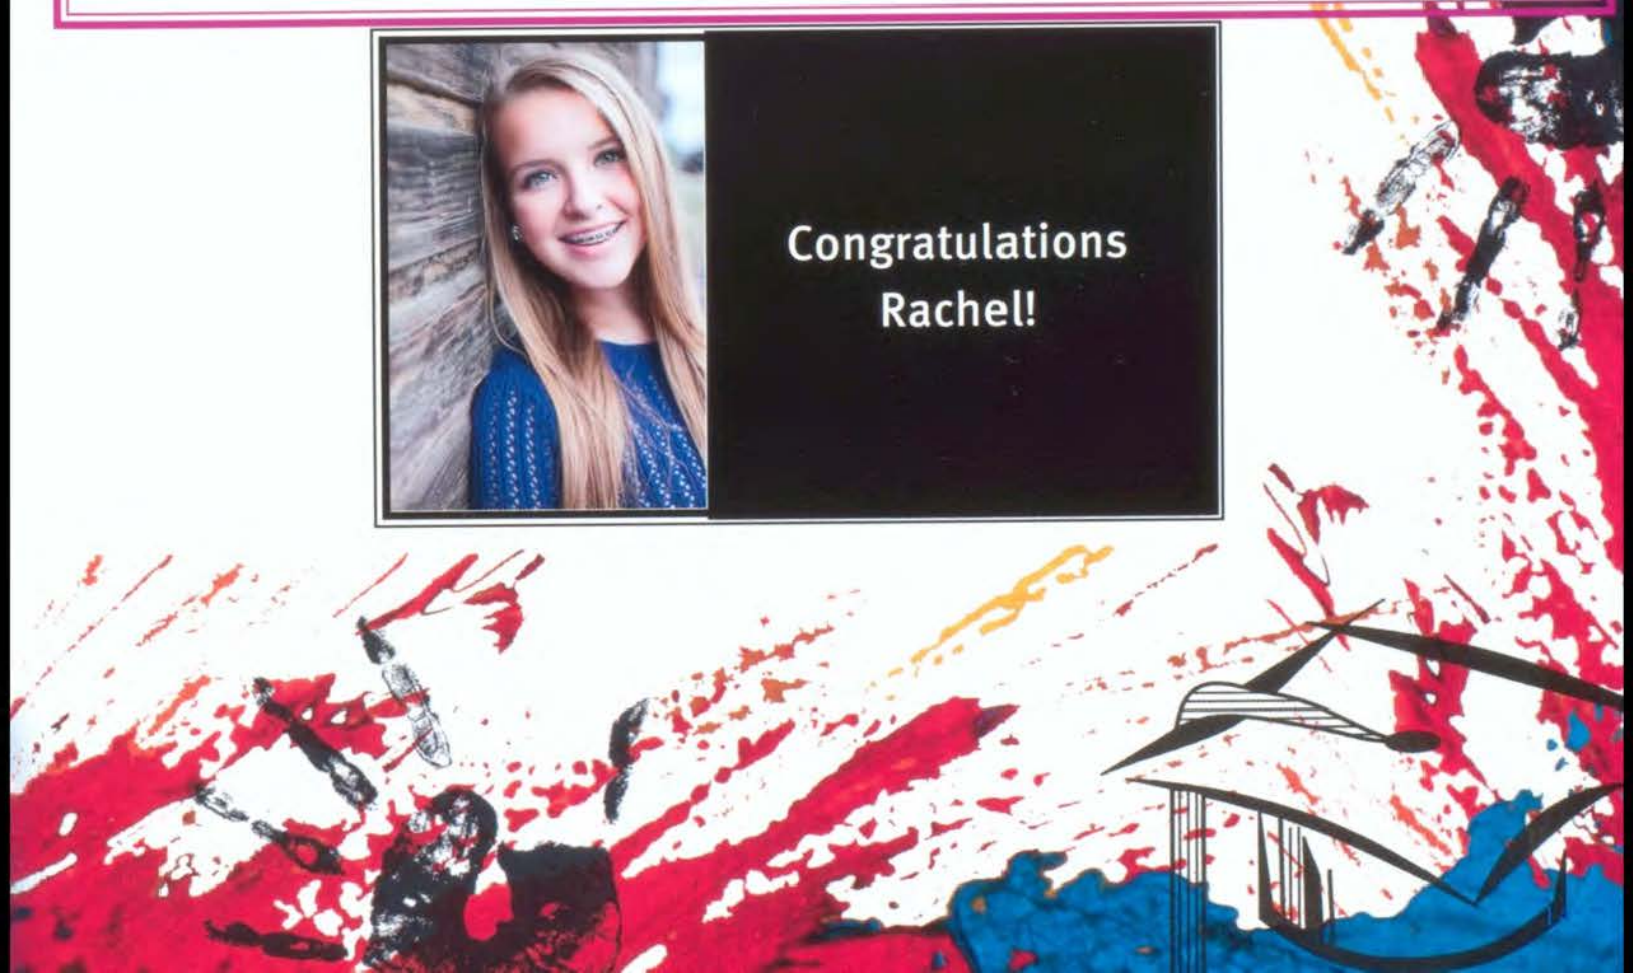

*To our Daughter, we love you so, you are so special, I hope you know. With every day, that passes by, your more the twinkle in our eyes. So loving, so giving, a heart of gold, always our baby, even when we're old. Your love shines through, for all to see, we feel so proud, you are a part of us.*

*Love,*

*Mom and Dad*

**Congratulations  
Rachel!**

## Congradulations, Tate!

We love you and wish you all the  
best at Oregon State!  
Love, Dad, Mom & Braden

Anna,  
We are so proud  
of you!  
You are a  
blessing.  
Love, Your family

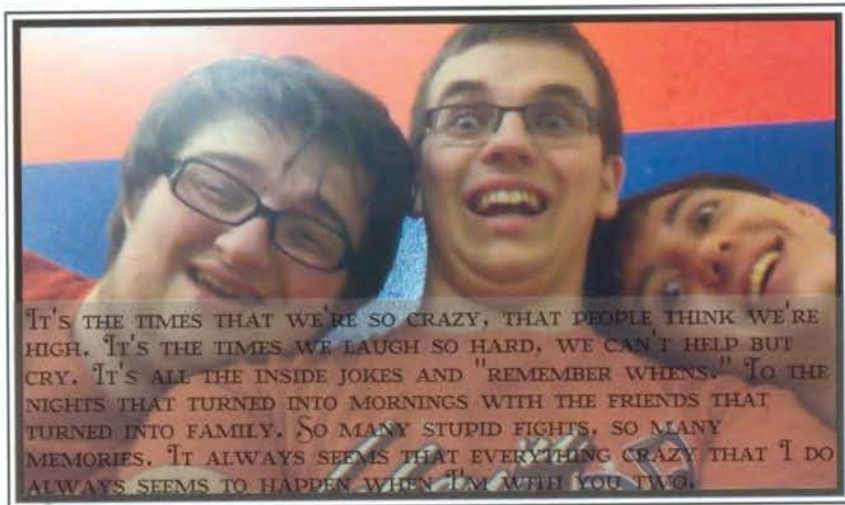

Congratulations  
Ellie!

We love you!

IT'S THE TIMES THAT WE'RE SO CRAZY, THAT PEOPLE THINK WE'RE HIGH. IT'S THE TIMES WE LAUGH SO HARD, WE CAN'T HELP BUT CRY. IT'S ALL THE INSIDE JOKES AND "REMEMBER WHENS." TO THE NIGHTS THAT TURNED INTO MORNINGS WITH THE FRIENDS THAT TURNED INTO FAMILY. SO MANY STUPID FIGHTS, SO MANY MEMORIES. IT ALWAYS SEEMS THAT EVERYTHING CRAZY THAT I DO ALWAYS SEEMS TO HAPPEN WHEN I'M WITH YOU TWO.
