FOR IMMEDIATE RELEASE
Wednesday, June 15, 2022

NOTICE OF CONSTRUCTION AND ROAD CLOSURE

Beginning **June 23, 2022**, Vaughan Lane will be closed to through traffic from Stoltz Hill Road to Seventh Place for the construction of the next phase of the Westside Sanitary Sewer Interceptor Project. The attached map identifies the closure area. Motorists who would normally use Vaughan Lane to access 10th Street are advised to use Walker Road instead. It is anticipated that this closure will last until mid-October 2022.

As indicated in a previous press release, the section of Vaughan Lane from South Main Road to Quail Place is also closed to through traffic (with a detour route) for a private development. This closure is anticipated to last until July 15, 2022.

Residents along Vaughan Lane will be afforded reasonable access but should expect short periods of time where access to individual driveways may not be possible in addition to periodic delays and other related inconveniences.

For continuous updates regarding construction location, please see the City of Lebanon website at <https://www.ci.lebanon.or.us/gis>.

We appreciate your patience and cooperation as we perform the necessary work. If you have any questions or concerns, please contact Engineering at 541-258-4923 or cdc@ci.lebanon.or.us.
