FOR IMMEDIATE RELEASE
Thursday, January 26, 2023

NOTICE OF CONSTRUCTION AND ROAD CLOSURE UPDATE

Construction on Walker Road is progressing per schedule. Walker Road remains closed to through traffic from Sixth Street to Stoltz Hill Road as Emery & Sons Construction Group replaces existing utilities as part of the Westside Interceptor Project. A detour route is also still in place to guide motorists around the closure.

The City of Lebanon would like to remind motorists who need access to the residential areas south of Walker Road to use the detour routes and avoid Walker Road. There are multiple gravel trenches, construction equipment, and construction workers in this area currently working on the re-construction of Walker Road.

Message Boards are currently up on Walker Road at Stoltz Hill and close to South Main Road to inform motorists of the Walker Road closure. Residents are also encouraged to go the City of Lebanon website at <https://www.ci.lebanon.or.us/gis> for continuous updates regarding construction location and current road closures.

We thank you in advance for your cooperation and patience as we continue construction of the project. If you have any questions or concerns regarding this project, please contact Engineering at 541-258-4923 or engineering@ci.lebanon.or.us.
