## **NOTICE OF CONSTRUCTION / ROAD CLOSURE**

Beginning Monday, November 6, 2023, the City of Lebanon's contractor for the Cheadle Lake Park Utilities Project, Northcore USA, will begin night work to complete the final phase of sanitary sewer installation. Between 6 PM and 4 AM, Weirich Drive will be closed to through traffic with flaggers on site to help direct traffic around the work zone. This phase of the project is expected to last approximately three weeks.

While night work is underway, Northcore USA will also have a day shift crew continuing installation of the watermain on Weirich Drive. As the work continues, Weirich Drive will remain open and controlled by flaggers.

Residents are also encouraged to go the City of Lebanon website at <https://www.lebanonoregon.gov/gis> for continuous updates regarding construction location and current road closures.

We thank you in advance for your cooperation and patience as we continue construction of the project. If you have any questions or concerns regarding this project, please contact Engineering at 541-258-4923 or [engineering@lebanonoregon.gov](mailto:engineering@lebanonoregon.gov).
